### **Mission Summary of Packet Deliveries**

While you are on the mission to deliver your packet or after you complete the mission, please answer the questions below. You may need to return to the game to find the answers. If so, you can easily navigate through the sections using the "Skip" button. Use the back of this paper if you need more space for your answers.

1. What country did you select and what was the problem to be solved?
2. How did the information travel from the organization back to the people who needed the information?
3. What problems were encountered along the Internet path?
4. How can similar problems be avoided on our school and your home computers?
5. What is needed for safe, reliable and fast transfer of information through the Internet?
6. Can you think of ways we in this class could help others with our computers?
