

Hacker Busters Penny's Search Mission Sheet

Keep track of your mission by taking notes. Use the back of this paper if you need it.

1. What problems were facing the people you met in the countries you visited?
2. What problems did you face in getting your packets to their destination?
3. How did you get past the problems you faced on the Internet?
4. If the people you met didn't have Internet access, how would their messages be delivered?
5. What was the most interesting career you encountered in the game, and why?
6. Have you considered a career that would involve technology? If so, what is it and how would you use computers in this career?
